3. Why Take This Pre-Test?

This pre-test is more than a competition for scores. It helps students considering high school study in Japan assess their current abilities and set clear goals for further preparation.

① Assess your level	Check your current abilities in English, mathematics and Japanese in preparation for studying at a Japanese high school.
② Identify areas to improve	Recognize strengths and weaknesses to guide your study plan, Japanese learning and exam preparation.
③ Show schools who you are	Share not only your scores but also your motivation, achievements and talents in sports, the arts or academics with partner schools.

★ You may qualify for admissions advantages at partner schools in Japan.

Test results may be considered as supporting materials for applications, partial waivers of written exams or invitations to apply.

* Each school independently determines the conditions and details of any advantages. Taking the pre-test or obtaining a particular score does not guarantee admission.
